Where every student will graduate with dignity, purpose and options.

**Welcome to the
2020-21
School Year**

Welcome to Mr. Gilbert's 7th Grade Math Class!

Meet the teacher:

Mr. Gilbert

About Me

I grew up in Redlands, California and San Bernardino, California. I want to help students discover confidence in themselves and their ability to grow. This is my first year teaching. I love video games and I recognize the power they have to help us learn and grow.

My Favorites

- 🕒 **Food: Fettuccine**
- 🕒 **Video Games: Super Mario, Smash Bros, WoW, the list goes on.**
- 🕒 **Hobby: Learning new skills**
- 🕒 **Music: Anything that makes my feet wiggle**

You should know

For me education is a passion and a debate. I love arguing about the things we can improve in the classroom. My biggest goal for each student in my class is to help you believe in yourself. If you can have confidence in you, you can learn anything.

Robust & Engaging Online Learning

In our Online Learning Model, learning takes place primarily in the home. Students receive five days of synchronous and asynchronous instruction and have time to solidify understanding and complete unfinished assignments. Instruction is led by teachers with support from families

We are committed to providing a robust and engaging online learning experience for our students and families that include:

Classroom Expectations

Attendance

- ⦿ I only get to see you twice or three times a week. Every time you come to class, even if you were running late, I am happy to see you.
- ⦿ On the days our class is scheduled to meet, there will be a Zoom session you can access on Google Classroom. We take breaks to stretch and get water and sometimes play community building games, so please come on time so you can participate too!
- ⦿ I love hearing from you so please use your mic and have your screen on as much as you can.

Assignments

- ⦿ All completed assignments will be submitted on Google Classroom.
- ⦿ If you ever have any questions about any assignment- please email me at rgilbert@sandi.net or message me on Clever.

Grading Policy

My class's grading policy is still a work in progress.

My hope is to include students in this process and provide a grading structure that sets high expectations for students and allows effort and growth to factor into their grade in my class.

Home Support

Here are some ideas for making Distance Learning easier:

- Have routines for working, sleeping, eating, playing, and relaxing.
- Monitor that students are in their virtual classrooms at the correct times and actively engaging.
- Reassure students that this is hard for everyone and we will get through this together.
- Stress the importance of maintaining relationships with teachers, staff, and peers virtually.
- Support your student's need for a personal workspace and uninterrupted work time.
- Don't hesitate to contact us if you have any questions or concerns. We can have zoom meetings with you to support.
