Meet the teacher: Mrs. Lloyd

About Me

I was born in Texas. I've lived in Colorado, and now I have lived in California for 17 years.

I've taught math for over 20 years! I love Algebra and I will help you see how easy and fun it can be! You are the star. I am here for you.

You should know

I am a native Spanish speaker. Both my parents were born in Mexico. I expect a lot from my students. I know that each and every one of you is capable of greatness.

My Favorites

- ◎ I love Marvel Superheroes.
- ◎ I love Movies like Star Wars and Star Trek.
- ◎ I love chocolate, pizza and tacos.
- ◎ I like playing the guitar
- ◎ I wrote my own Sci-Fi novel about aliens!

Robust & Engaging Online Learning

In our Online Learning Model, learning takes place primarily in the home. Students receive five days of synchronous and asynchronous instruction and have time to solidify understanding and complete unfinished assignments. Instruction is led by teachers with support from families

We are committed to providing a robust and engaging online learning experience for our students and families that include:

Distance Learning:

>In our Studio classes, learning math skills takes place during our 'LIVE' Zoom classes. You can watch videos online, but videos don't answer questions.

>You will have to watch videos and learn using online websites, but I expect you to attend every 'LIVE' Zoom class. These are extremely important. Not only will you participate in interactive notes, but you will be able to see and hear other students, which is extremely important.

>Learning math is like learning how to play an instrument, or learning a trick on a skateboard or mastering a video game... it takes lots of practice!

Distance Learning:

>En nuestro Studio clase, el aprendizaje de las habilidades matemáticas se sucede durante nuestras clases de Zoom "EN VIVO". Puede ver videos en línea, pero los videos no responden preguntas.

>Tendrá que ver videos y aprender a usar sitios web en línea, pero espero que asista a todas las clases de Zoom 'EN VIVO'. Estos son extremadamente importantes. No solo participará en notas interactivas, sino que podrá ver y escuchar a otros estudiantes, lo cual es extremadamente importante.

>Aprender matemáticas es como aprender a tocar un instrumento, o aprender un truco en una patineta o dominar un videojuego ... ¡requiere mucha práctica!

Classroom Expectations

Attendance

- ⦿ Please log into Google Classroom everyday.
- ⦿ On the days our class is scheduled to meet, there will be a ZOOM session link.
- ⦿ You will be expected to attend Zoom class, as I mentioned earlier.
- ⦿ Learning math, especially Algebra, can be difficult, but I am here for you. But I cannot teach you and you cannot learn if you do not attend class!

Assignments

- ⦿ All assignments must be submitted on Google Classroom.
- ⦿ If you push 'completed', but do not attach your work, I cannot grade it.
- ⦿ You must also write the problem and show your work to earn credit.
No Work = 0%
- ⦿ If you ever have any questions about any assignment, use the message section in Google Classroom or email me.

Grading Policy

Class work and Homework:

80% of your grade during online learning.

40% of your grade during in-person learning.

All Class work and homework assignments are completion grades. You earn a 0% if not completed or you did not show your work. You will earn a 100% if you did all of the problems and showed your work.

Test and Quizzes:

20% of your grade during online learning.

60% of your grade during in-person learning.

Tests and Quizzes are graded on a 0-100% scale depending on correctness.
